Hi Phil

- 1) Can we delete the first section below

Income Deduction Information

Income deduction lodgement tax year 2015/2016 ☐ No ☒ Yes

- 2) Vehicle section
 - a. First question: Do you use your vehicle for work related purposes / business travel
 - b. If yes – Make, model, registration, purchase price, purchase date, opening KM, closing KM, business KM. Attach ALL expense documents (rego / insurance / services / tyres etc)
 - c. If no – move on
- 3) Questions 3 – 13: can we put into the simple table form as per the income adjustments I sent yesterday. Re Question 4: Can you change from Travel to Travel: Flights, Accommodation and Meals

Not sure what the documents TAB is?

As we have simplified all the forms – is it possible to put into a single form instead of having 4 different ones, please?

Also – I really want to test how I log in etc, and see the e mail / notification that come sto me after I register a as a new client etc -and test that process. Please let me know.

Thanks so much
